

Talent Connect is a self-service platform that enables tangible costs to be driven out of the business

Benefit Drivers:

1. Variable cost of services is aligned to outcomes
2. Eliminates high mark-up costs paid to consultancy firms
3. Cost of attrition is mitigated in high turnover business units
4. Access to tribal knowledge reduces business continuity risk

Talent Connect enables enterprise companies to be self-reliant, and no longer dependent on high-cost consultancy services... yielding higher ROI

End User workflow & platform architecture are designed to be cost efficient; no heavy weight of a SaaS cost model

- 1) O365 compatible inside the firewalls
- 2) self-service eliminates Backoffice support
- 3) performance tracking optimizes resource output

How does it work?

Managers access TC portal

- Submit new work request
- Platform engine calculates cost of services based on Manager's inputs
- SOW is autogenerated

Resource Life Cycle Mgmt Use Cases

1. Access to the right tribal knowledge skills as needed
2. 90-day on-the-job skill assessments
 - Technical/Specialty skills
 - High Attrition LOBs: Retail/Call Center
3. College Intern onboarding
4. Outcome Based Project Delivery
